

Transformational Leadership for a Sustainable Water Future

Radhika Fox
Chief Executive Officer
US Water Alliance
Austin, Texas
January 31, 2019

About us

The **US Water Alliance** is a national membership organization that unites diverse interests to advance common-ground solutions to our nation's most pressing water challenges.

We're at a
pivotal moment.

And business as usual won't work.

The solution is One Water.

One Water envisions managing all water in an integrated, inclusive, and sustainable manner to secure a bright, prosperous future for our children, our communities, and our country.

One Water

One Future

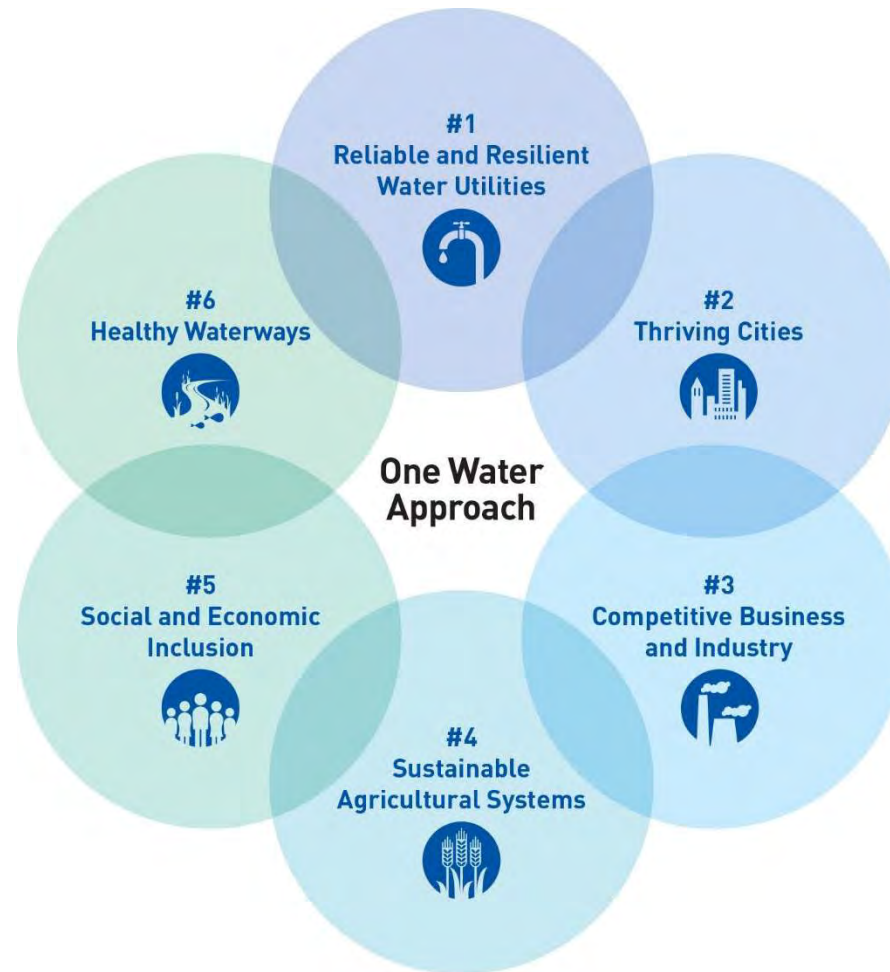

What does One Water mean to us?

US Water
Alliance

One Water is the future,
but how do we get there?

Transformational
leadership.

What does a
transformational leader
look like?

Transformational leaders...

Embrace complexity and don't shy
away from it.

Transformational leaders...

**Think differently about the whole,
not just their part.**

Transformational leaders...

Make water relevant to people's lived experience.

Transformational leaders...

Put equity at the center.

Transformational leaders...

Tell their own water stories and find human connection.

One Water,
One Future.
